STAT

The objectives of our meeting,  are basically three fold;

1. To allow us to come to an understanding of the objectives of the Office of Data Processing;
2. to discuss how our resources may potentially be of use within ODP; and
3. to discuss how a full scale evaluation of our resources could be undertaken if we agree that our products and services could potentially be beneficial.

I do look forward to meeting you personally on the 17th. If we can be of any service prior to our meeting, please do not hesitate to contact me.

Sincerely yours,

Chris P. Blake
